To assist your community in maintaining the Flood Insurance Rate Map (FIRM), we have summarized below the previous Letter of Map Change (LOMC) actions (i.e., Letters of Map Revision (LOMRs) and Letters of Map Amendment (LOMAs)) that will be affected by the revised FIRM that will become effective on September 6, 2006.

### 1. LOMRs and LOMAs Incorporated

The LOMRs and LOMAs listed below have been incorporated into and are reflected on the revised FIRM. However, until the revised FIRM becomes effective, the LOMRs and LOMAs will remain in effect.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>New Panel</u>	<u>New Zone</u>
None					

### 2. LOMRs and LOMAs Not Incorporated

The LOMRs and LOMAs listed below have not been reflected on the revised FIRM. This is either due to scale limitations of the FIRM, or because the LOMR or LOMA issued determined that the lots or structures involved are out of the Special Flood Hazard Area, as shown on the FIRM. These LOMRs and LOMAs will be revalidated free of charge the day after the revised map panels become effective.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>New Panel</u>	<u>New Zone</u>

### 3. LOMRs and LOMAs Superseded

The LOMRs and LOMAs listed below have not been reflected on the revised FIRM because they have been superseded by new detailed flooding data or sufficient information could not be located on which to make a determination. The reason each has been superseded is noted below. When the revised FIRM becomes effective, these LOMRs and LOMAs will no longer be in force.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>Reason Superseded</u>
None				

4. LOMRs and LOMAs to be Re-determined

The LOMCs in Category 2 of this form are revalidated through a single letter that reaffirms the validity of a previously issued LOMC. Therefore, LOMCs issued for multiple lots or structures where the determination for one or more of the lots or structures have changed cannot be revalidated through this administrative process. However, we will review the data which were previously submitted as part of the original LOMR or LOMA request listed below and issue a new determination for the subject properties after the FIRM effective date.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>New Panel</u>	<u>New Zone</u>

To assist your community in maintaining the Flood Insurance Rate Map (FIRM), we have summarized below the previous Letter of Map Change (LOMC) actions (i.e., Letters of Map Revision (LOMRs) and Letters of Map Amendment (LOMAs)) that will be affected by the revised FIRM that will become effective on September 6, 2006.

### 1. LOMRs and LOMAs Incorporated

The LOMRs and LOMAs listed below have been incorporated into and are reflected on the revised FIRM. However, until the revised FIRM becomes effective, the LOMRs and LOMAs will remain in effect.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>New Panel</u>	<u>New Zone</u>
None					

### 2. LOMRs and LOMAs Not Incorporated

The LOMRs and LOMAs listed below have not been reflected on the revised FIRM. This is either due to scale limitations of the FIRM, or because the LOMR or LOMA issued determined that the lots or structures involved are out of the Special Flood Hazard Area, as shown on the FIRM. These LOMRs and LOMAs will be revalidated free of charge the day after the revised map panels become effective.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>New Panel</u>	<u>New Zone</u>
None					

### 3. LOMRs and LOMAs Superseded

The LOMRs and LOMAs listed below have not been reflected on the revised FIRM because they have been superseded by new detailed flooding data or sufficient information could not be located on which to make a determination. The reason each has been superseded is noted below. When the revised FIRM becomes effective, these LOMRs and LOMAs will no longer be in force.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>Reason Superseded</u>
None				

4. LOMRs and LOMAs to be Re-determined

The LOMCs in Category 2 of this form are revalidated through a single letter that reaffirms the validity of a previously issued LOMC. Therefore, LOMCs issued for multiple lots or structures where the determination for one or more of the lots or structures have changed cannot be revalidated through this administrative process. However, we will review the data which were previously submitted as part of the original LOMR or LOMA request listed below and issue a new determination for the subject properties after the FIRM effective date.

<u>LOMC</u>	<u>Case No.</u>	<u>Effective Date</u>	<u>Project Identifier</u>	<u>New Panel</u>	<u>New Zone</u>
None
