These LOMRs and LOMAs will be revalidated free of charge the day after the revised map panels become effective.

4. LOMRs and LOMAs to be Re-determined

Therefore, LOMCs issued for multiple lots or structures where the determination for one or more of the lots or structures have changed cannot be revalidated through this administrative process. However, we will review the data which were previously submitted as part of the original LOMR or LOMA request listed below and issue a new determination for the subject properties after the FIRM effective date.
